

Cartography Technician (TEMP contract)

Navionics is hiring Cartography Technicians to join our team with a temporary assignment, to work on an exciting new project!

Getting from Point A to Point B is just the beginning. With millions of customers using our products, we strive to hire associates who will help us maintain our position at the forefront of mapping technology.

If you're ready to keep us on our path to perfection, we want to find you!

You will be responsible for the attribution, processing and maintenance of cartographic data and participate in the evaluation of map data and execution of Quality Assurance processes on maps produced for use in Navionics products.

What you'll do:

- Execute tasks as directed by Team Lead or mentor.
- Edit, manipulate and maintain geographic data using custom and 3rd party software.
- Ensure the application of appropriate cartographic specifications to the data.
- Help evaluate and process database updates according to established methodology.
- Conduct testing and evaluation of Navionics cartography products.
- Perform established operations for quality assurance.
- Function both as a team member and as an independent professional.
- Perform other job-related duties as assigned.

What you'll need:

- Excellent academics.
- Must possess a basic working knowledge and understanding of digital cartographic principles relevant to Navionics's business needs.
- Proficient computer skills.
- Must be detail-oriented and able to prioritize and multi-task in a flexible, fast paced and challenging environment.
- Ability to work and thrive in a technical team.
- Fundamental understanding of Navionics's Cartography development process.
- Good interpersonal and technical communication skills.
- Willing and able to share ideas freely and positively.
- Understand the importance of thoroughly documenting work in an organized manner.
- Maintains focus on continuous improvement.

Our home: you can find us in via Fondacci 269 in Massarosa (LU), Italy

Kind of contract: Temp

Company:

Navionics, a Garmin® Ltd. company, develops and manufactures electronic navigation charts of marine areas, lakes and rivers around the world for use in GPS chartplotters and mobile devices. You can find us in the App Stores or at www.navionics.com

Navionics is a part of the Garmin group of companies. At Garmin, we like to work hard and play hard. It comes easy when you work on cool products with hard-working individuals who share the same passion. See more at www.garmin.com.

Many exciting things are happening at Garmin and people are taking notice: Garmin was ranked as one of the 500 World's Best Employers in 2017 and in the top three most reputable tech companies (U.S. Reputation Institute, 2018). More recently Garmin was ranked 5th in the list of America's Best Employers in the large company category and received the highest ranking of any tech company in the list.
